Hey Mrs. Kimberly!

It was wonderful meeting you and your husband at the home show in Nashville last weekend. We hope business was good for you.

Josh and I have loved our pillows so far. We appreciate the time you spent with us. My parents came to visit this weekend and have fallen in love with the pillows as well. My dad had a rotator cuff repaired recently and has struggled to sleep on his side but said the pillow was fantastic and the same with my mother who had neck surgery years ago. She's been through a few different pillows and really likes this one.

I'd like to purchase two for them if you have 2 available. My dad liked the 2inch rise that Josh's has. Do you offer discounts for purchasing more than 1? Is there anyway I could purchase them through you?

It is truly a wonderful product and we hope you do really well with it.
